That same year an article of the *Columbus Jewish Chronicle* claims that in Palestine there is enough room for six million Jews.

CLAIMS PALESTINE HAS ROOM FOR SIX MILLION

The recent statement by Viscount James Bryce that Palestine cannot accommodate more than 300,000 Jewish colonists, is strongly controverted by the figures offered by Carl Balod, of the University of Berlin, the leading German economist. In a lecture delivered in Vienna recently under the auspices of "Pro-Palestine" (The German Committee for the Promotion of the Jewish Palestine Settlement) Prof. Balod said:

"It is quite possible for Palestine to find room for five to six millions who may seek to return to agriculture in that country. Taking into consideration only the fertile valleys and lowlands we find an area of 700,000 to 800,000 hectares (1,729,700 to 1,976,800 acres) will suffice to produce the food of six millions of people, reckoned in meat and corn. This would still leave the highlands available for orchards and similar agricultural development. 44,000 hectares (a hectare is equivalent to 2.471 acres) are already in Jewish possession, not including hundreds of orchards.

"Of the fertile regions of Palestine, the first and foremost is the great plain of Jezreel with an acreage of 30,000 hectares; 20,000 on the coast of Galilee; 15,000 on the great plain bordering on Hule Lake. The Valley of the Jordan will offer 150,000 hectares after the necessary dams and canals have been constructed. This country will be particularly suitable for rice, sugar, coffee and cocoa cultivation.

"Artificial irrigation will render available the coastal plain from Gaza to Carmel, comprising 250,000 hectares. The Audja river pouring into the Mediterranean north of Jaffa, has a flow of 10 cubic meters per second, sufficient for the irrigation of 66,000 hectares, at an irrigation elevation of 500 millimetres, sufficient for the dry culture of cotton and soya-beans. Moreover, the rainfall in Palestine averages

with that of the agricultural regions of Europe, in fact its distribution is even more favorable. The mountains of Palestine are covered with 'nari-crust' affording a serviceable soil for tree-plantation. Olive trees, vines, almond and fig trees have thriven here without artificial irrigation, from time immemorial.

"On the whole, we may estimate Palestine, employing minimum figures, as follows: 300,000 hectares of fertile lowlands, which by means of artificial irrigation can be made to yield a double annual harvest; 600,000 hectares of level or slightly flowing suitable for agriculture; 400,000 hectares in the Hauran, capable of one annual harvest, and at least one million hectares of hill and mountain country covered with nari-crust. There remain, therefore, only 700,000 hectares of non-productive soil, or 25 per cent of the entire area of Palestine.

"The question of acquirement of the land," continued Prof. Balod, "ought to present no insuperable difficulties. Most of the land is already owned by great Arab land-owners, waiting for their price, and the Fellahin would willingly leave for North Syria or Babylon if they were offered better conditions through the civilizing influences that are reviving these countries."

In explanation of the motives of "Pro-Palestine" Prof. Balod said: "We have organized because, we, of whom the majority are non-Jews, take a special interest in Zionist aims. It is a movement which must be judged both by its ideal and its practical aspect. In this connection Zionism can be compared only to the movement of the Puritans and Quakers who went to America in the 17th century and who have left as their heirloom the whole ethical ground-work of modern America, and who also initiated a great economical development."

Plans for the Greatest Humanitarian Task in History.**

The American people, Jews and non-Jews alike, will soon be asked to lend or contribute the larger part of a fund of approximately \$1,000,000,000 to carry out plans for the reconstruction of the Jewry of the entire world. Announcement to this effect, together with the general plan of procedure, was made public last night, following a meeting held yesterday in the office of Felix M. Warburg of Kuhn, Loeb & Co., Chairman of the Joint Distribution Committee of the American Funds for Jewish War Sufferers.

a meagre livelihood—a poor people. Added to the hardships and toil of ordinary existence they have been compelled to suffer the deprivations, want, and misery of four years of war, in many instances being forced to evacuate their homes and be deprived of all their possessions. Hundreds of thousands have died, and of the millions remaining a very large percentage, probably 50 per cent., will have to be assisted in the reconstruction of their lives and fortunes. Upon American Jewry falls both the burden and the privilege of leading the way in this work, that has for its sole object the preservation of the Jewish people, and this work the Joint Distribution Committee, representing every section of American Jewry, has taken upon itself to perform.

"The Joint Distribution Committee plans to call to its aid every element of Jewry both here and abroad to assist, and opportunity will be provided for all to have a part in this great effort.

Experience, Brains, Money.

"There is available in American Jewry every factor necessary to the successful carrying out of this project. Experience, brains, the will to do, and the wherewithal are not lacking. The Joint Distribution Committee will seek to enroll in the undertaking not only the thousands who have contributed in the past to the war relief funds, but in fact every Jewish man and woman and child in America."

The Joint Distribution Committee, under whose direction the work of rehabilitation will be conducted, is made up of the representatives of the American,

A few after the end of the World War One the Zionist claim that an "Holocaust" of "six million Jews" was imminent in Europe and in a dishonest campaign to raise funds for jewish organizations and also to distract the public attention from the Jewish origins of Communism and the Bolshevik atrocities in Russia.

The first "Holocaust" informed of the "Six million Jews". Nothing else than Zionist propaganda.

The Crucifixion of Jews Must Stop!

By MARTIN H. GLYNN

(Former Governor of the State of N. Y.)

From across the sea six million men and women call to us for help, and eight hundred thousand little children cry for bread.

These children, these men and women are our fellow-members of the human family, with the same claim on life as we, the same susceptibility to the winter's cold, the same propensity to death before the fangs of hunger. Within their veins the identical possibilities for the advancement of the human race as naturally would reside in six million human beings. We may not be their keepers but we ought to be their helpers.

In the face of death, in the throes of starvation there is no place for mental distinctions of creed, no place for physical differentiations of race. In this catastrophe, when six million human beings are being whirled toward the grave by a cruel and relentless fate, only the most idealistic promptings of human nature should sway the heart and move the hand.

Six million men and women are dying from lack of the necessities of life; eight hundred thousand children cry for bread. And this fate is upon them through no fault of their own, through no transgression of the laws of God or man; but through the awful tyranny of war and a bigoted lust for Jewish blood.

In this threatened holocaust of human life, forgotten are the niceties of philosophical distinction, forgotten are the differences of historical interpretation; and the determination to help the helpless, to shelter the homeless, to clothe the naked and to feed the hungry becomes a religion at whose altar men of every race can worship and women of every creed can kneel. In this calamity the temporalities of man's fashionings fall away before the eternal verities of life, and we awaken to the fact that from the hands of one God we all come and before the tribunal of one God we all must stand on the day of final reckoning. And when that reckoning comes mere profession of lips will not weigh a pennyweight; but deeds, mere intangible deeds, deeds that dry the tears of sorrow and allay the pain of anguish, deeds that with the spirit of the Good Samaritan pour oil and wine in wounds and find sustenance and shelter for the suffering and the stricken, will outweigh all the stars in the heavens, all the waters in the seas, all the rocks and metals in all the celestial globes that revolve in the firmament around us.

Race is a matter of accident; creed, partly a matter of inheritance, partly a matter of environment, partly only a method of rationalization; but our physical wants and corporeal needs are implanted

WHITTIES?

In all of us by the hand of God, and the man or woman who can, and will not, hear the cry of the starving; who can, and will not, take heed of the wail of the dying; who can, and will not, stretch forth a helping hand to those who sink beneath the waves of adversity is an assassin of nature's finest instincts, a traitor to the cause of the human family and an abjurer of the natural law written upon the tablets of every human heart by the finger of God himself.

And so in the spirit that turned the poor widow's votive offering of copper into silver, and the silver into gold when placed upon God's altar, the people of this country are called upon to sanctify their money by giving \$35,000,000 in the name of the humanity of Moses to six million famished men and women.

Six million men and women are dying—eight hundred thousand little children are crying for bread.

And why? Because of a war to lay Autocracy in the dust and give Democracy the sceptre of the Just.

And in that war for democracy 200,000 Jewish lads from the United States fought beneath the Stars and Stripes. In

the 77th Division alone there were 14,000 of them, and in Argonne Forest this division captured 54 German guns. This shows that at Argonne the Jewish boys from the United States fought for democracy as Joshua fought against the Amalekites on the plains of Abraham. In an address on the so-called "Lost Battalion," led by Colonel Whittlessey of Pittsfield, Major-General Alexander shows the fighting stuff these Jewish boys were made of. In some way or another Whittlessey's command was surrounded. They were short of rations. They tried to get word back to the rear telling of their plight. They tried and they tried, but their men never got through. Paralysis and stupefaction and despair were in the air. And when the hour was darkest and all seemed lost, a soldier had stepped forward, and said to Col. Whittlessey: "I will try to get through." He tried, he was wounded, he had to creep and crawl, but he got through. To-day he wears the Distinguished Service Cross and his name is ABRAHAM KROTOSHINSKY.

Because of this war for Democracy six million Jewish men and women are starving across the seas, eight hundred thousand Jewish babies are crying for bread.

What the Non-Jews Are Doing for Jewish War Relief

Tired of Giving? You Don't Know What Feeling Tired Means!

At no other time in the history of the Jewish people has the need been so great as now. Six million of our brothers and sisters are dying of starvation. The entire race is threatened with extinction. The burden is more than we can bear alone.

In the most recent campaigns, therefore, the appeal has been extended to non-Jews. The response has been magnificent. In Wilmington, Delaware, such men as Pierre S. du Pont, John Raftis, William Coyne and John S. Rosell not only gave generously but labored with heart and soul in the work of organization and solicitation. The result was the magnificent subscription of \$141,000, although the quota of Wilmington was only \$75,000.

In Newark, N. J., the quota was set at \$200,000. The story of how \$238,000 was raised is a glorious record of non-sectarian co-operation in a great human cause. Under the leadership of the Honorary non-Jewish Committee, composed of the most distinguished citizens, and with the help of Mayor Gilman, who turned over to the campaign committee "the entire machinery of the city"—a common enthusiasm caught everyone. The result was not only a subscription far above the quota, but a spiritual harmony among all creeds which will endure for all time to come.

These two drives, in which the entire population without regard to creed came to the support of Jewish War Relief, are representative of similar campaigns in Pittsburgh, Pa., Kansas, N. J., Trenton, N. J., Duluth, Minn., and many other cities.

More recently State campaigns have been organized which with the help of non-Jews have proved magnificent successes. As a result of these remarkable non-sectarian drives, North Carolina has raised \$150,000; West Virginia, \$25,000; Georgia, \$175,000; Mississippi, \$110,000, and other States similarly generous amounts.

The non-Jews are eagerly helping the cause of Jewish War Relief because they know how generously the Jews have helped the Y. M. C. A., the R. of C., and all other war funds, and because the suffering of human beings anywhere is everybody's business.

More Than Third of Entire

PITIFUL PICTURE DRAWN

Appeal Issued for Mothers
Driven Insane by Seeing
Children Starved

By **NATHAN STRAUS**

NEW YORK, October 18.—Terrible as conditions have been for the last five years among the destitute Jews of Eastern Europe, they have never before been so appalling as they are at the present moment. With the coming of winter the climax of tragedy has been reached, according to the latest reports from American Jewish relief workers. In every part of these stricken countries. At no time since hostilities ceased has the suffering been so intense as it is now among the Jews in these unfortunate lands. Six million Jews, out of the 16,000,000 in the world, or considerably more than a third of the entire Jewish race, are today standing in bread lines or getting the soup on which they live from the soup kitchens of the Joint Distribution Committee of American Funds for Jewish War Sufferers.

ORPHANS LIVE ON STREETS

Thousands of them are sick, hundreds of thousands are without homes—all are destitute. A hundred thousand Jewish orphans, many of whom are sleeping and living on the streets, look forward with terror to the coming of the winter. It is impossible to compute the number of mothers who have gone insane as they watched their children starve or the number of typhus patients who are praying for death as they lie sick without hospitals or medicines or sufficient food.

One year more of malnutrition has so weakened these poverty-stricken Jews that they will not be able to endure the rigors of the winter even as well as they did last year, when thousands of them died from cold and hunger. The number of refugees has been greatly increased also by the Bolshevik fighting, and innumerable homes have been destroyed within the last twelve months.

Hundreds of thousands of Jews are living today in open fields or unroofed platforms, fifteen families to a platform, in broken houses, in stables of old stables or in holes in the ground. They are clad, for the most part, in the rags they have worn for the last five years, with strips of cloth bound to their feet or bits of bark tied to their soles to serve as shoes.

help of the Joint Distribution Committee of American funds for Jewish War Sufferers.

Every month this summer 27,000 Jewish children were sent to vacation homes to recover their strength, depleted by starvation. Last month 500 additional children were sent from Vienna to Holland, where British hospitals were to receive them and 500 other invalids were sent from Vienna to Trieste to convalesce.

Extensive as it seems, the aid now being given children in Eastern Europe does not nearly meet the need, and unless funds are raised to carry on the work on an infinitely greater scale, the coming spring will find comparatively few children alive in these stricken lands. Herbert Hoover of the American food commission, who just returned to America, commented upon this fact, and said that it would have been impossible for the food commission, to have kept between 4,000,000 and 5,000,000 children in Eastern Europe alive even until now without the help of the American Jewish Relief Committee's funds.

There is no corner of Poland, Lithuania, Rumania, Czechoslovakia, or Palestine so remote that the Joint Distribution Committee of American Funds for Jewish War Sufferers has not reached it with some supplies for the unfortunate populace, either Jews or Gentiles or both. A relief train of forty-four cars recently carried food and old clothing and bedding to a number of towns in Siberia. Eight motor trucks, laden with crackers and condensed milk, are even now following upon the trail of the Bolsheviks in Poland as they retreat, in order to save the people still left alive from death by starvation. All this work must be continued.

Commission to Visit Europe and
Prepare a Memorandum for
President Wilson.

LANSING GIVES PERMISSION

Mass Meeting Hears That 127,000
Jews Have Been Killed and
6,000,000 Are in Peril.

The Federation of Ukrainian Jews in America, an organization said to represent three-quarters of a million Ukrainians in this country, decided at a convention yesterday that the massacre of their brethren in Eastern Europe must finally be stopped, and, to bring about this peace, the aid of the United States Government will be utilized. Secretary of State Lansing, it was asserted, has already given the consent of the State Department for the federation to send a commission to Ukraine to investigate the conditions of the Jews there, and to establish direct connection between them and their relatives in America.

The convention was held at the Broadway Central Hotel, at Broadway and Third Street, and was attended by more than 800 persons, representing 300 branches of the organization in this country and Canada. Joseph Seff, the President, was Chairman. Addresses were delivered by the Rev. M. Kanewsky, Rabbi Z. Maslansky, Jacob Adler, Herman Bernstein, Dr. Samuel Bucher, Rabbi Meier Berlin, Mordecai Danzils, the Executive Secretary of the society, and others.

Tales of massacres in which 127,000 Jews had either been killed or wounded during the last six months were told by the speakers, and all of them, speaking in English, Yiddish, Polish, or Russian, pointed out the disgrace of these pogroms upon twentieth century civilization.

The matter of relief was taken up, and it was decided that the Federation of Ukrainian Jews request this Government to lift the blockade so that food and funds may be sent to their destitute relatives in Eastern Europe. The President reported that there were 3,000,000 Jews in Ukraine and a like number in Poland, all of whom were in need of assistance from America.

Before Ukraine should be recognized by America or any of the other allies, it was said that she should first desist from her persecutions of innocent Jews. Until the commission which is to be appointed shall have reported that the Jews are actually receiving equal rights, friendly relations should not be made, it was urged.

The commission, which will probably consist of ten of the leading Ukrainians in America, is to work out a memorandum of the conditions in Eastern Europe, which will be sent to President Wilson, Secretary Lansing, and to all Senators and Congressmen.

An information bureau will also be established by the organization to take care of the reports of the commissioners on the other side, and to send the facts to the press of this country. The federation also aims to act as the link joining the Ukrainians in this country with their relatives and friends in their native land.

Demonstration mass-meetings similar to the one which took place at Madison Square Garden some time ago will be held in every important city in the United States, as the beginning of a protest movement to put an end to the pogroms across the seas.

When the question of appointing a commission was proposed Reuben Fink, the representative of the society at Washington, said that he had seen Secretary Lansing during the week and that he received Mr. Lansing's consent that the delegation be sent over.

"We come out now before the world with the determined slogan, 'These pogroms must stop,'" said the President in his annual message. "It is only a question of holding these facts continually before the civilized world: we must not permit the world to slumber."

This fact, that the population of 6,000,000 souls in Ukraine and in Poland have received notice through action and by word that they are going to be completely exterminated—this fact stands before the whole world as the paramount issue of the present day."

WINTER INCREASES WOE OF 6,000,000 STARVING JEWS

TERRIBLE as conditions have been for the past five years among the destitute Jews of eastern Europe, they have never before been so appalling as they are at the present moment. With the coming of the winter, the climax of tragedy has been reached, according to the latest reports from American Jewish relief workers in every part of these stricken countries.

To sum up the situation of these starving Jews sounds like a summary of all human woe. Six million Jews, out of the 16,000,000 in the world, or considerably more than a third of the entire Jewish race, are to-day standing in bread lines or getting the soup on which they live from the soup kitchens of the Joint Distribution Committee of American Funds for Jewish War Sufferers!

Thousands of them are sick, hundreds of thousands are without homes, all are destitute. A hundred thousand Jewish orphans, many of whom are sleeping and living on the streets, look forward with terror to the coming of the winter. It is impossible to compute the number of mothers who have gone insane as they watched their children starve, or the number of typhus patients who are praying for death, as they lie sick, without hospitals or medicines or sufficient food.

Weakened by Malnutrition.

One year more of malnutrition has so weakened these poverty-stricken Jews that they will not be able to endure the rigors of the winter even as well as they did last year, when thousands of them died from cold and hunger. The number of refugees has been greatly increased also by the Bolshevik fighting and innumerable homes have been destroyed within the last 12 months.

Hundreds of thousands of Jews are living to-day in open fields or on unroofed platforms, 15 families to a platform, in broken houses, in stables or in holes in the ground. They are clad, for the most part, in the rags they have worn for the past five years, with strips of cloth bound to their feet, or bits of bark tied to their soles to serve as shoes.

There are thousands of children in the number who at 8 or 10 years of age are not larger than babies of a few months. They cannot walk or even stand because of weakness induced by starvation.

Dr. Nathan Kraus, rabbi of the Central Synagogue, Lexington avenue and Fifty-fifth street, New York, who has just returned from several months of relief work in eastern Europe, confirmed the report that villages through the winter was impossible for hundreds of thousands of Jews, men, women and children, without immediate aid.

"Only the promptest action on the part of the people of the United States can save them from freezing to death and from starvation during the coming winter," he said. "If these unfortunate men, women and children are to be kept alive scores of additional soup kitchens must be opened, and large shipments of shoes and clothing and bedding must be sent to Europe immediately."

\$2,000,000 Monthly Not Enough.

Although more than \$2,000,000 is now being spent every month in eastern Europe by the Joint Distribution Committee from sums donated by the United States to the American Jewish Relief Committee and other American Jewish relief agencies, this sum is not nearly sufficient for the needs of 6,000,000 destitute persons, thousands of them sick. This sum makes possible the expenditure of a dollar a month as the entire outlay for every three penniless persons. Obviously this is not enough to support life in them.

The chief thing that the relief workers have been able to do thus far has been to concern themselves with the immediate need for food of these starving people, the daily cup of soup for the elders, the mug of milk for the hungry children. Even then they have been compelled by lack of funds to see thousands turned away unaided. The coming of winter will compel them to go into the problem more deeply. Scores of orphanages must be opened and hundreds of private homes to take in the little Jewish orphans who will otherwise be left on the streets all winter.

"It was no uncommon thing for a child to be found dead on the streets," Miss Hana Klonow, a relief worker recently back from Palestine, reported upon her return.

"In Constantinople you could not step outside the doors of even the best theaters and hotels without almost stepping upon the children lying there, trying to sleep, huddled together for warmth," Miss Hetty Goldman, another relief worker, said.

Typhus Epidemic Is Raging.

Hospitals must be opened in large numbers. An epidemic of typhus, a disease which is caused by filth and which is inevitable among a people who have had to wear the same clothing for years, is raging in eastern Europe and further East. By the Red Cross computation there are 100,000 cases of this dread malady in Siberia alone. There is a great lack of all sorts of medical supplies in the hospitals, as well as of linen and of bedding. Even in the operating rooms bandages made by piecing together hundreds of scraps of cloth are used. The linen in eastern Europe has all been used up.

Shelter for the winter must be found for such Jews as are now living in houses entirely open to the elements, or in fields, or in holes dug in the ground. This includes the greater part of the population in hundreds of towns in Poland and Lithuania. Jacob Hillis, one of the best known Jewish relief workers of the United States, tells us that just outside of Wilna, in

Felix M. Warburg Says They Were the Worst Sufferers in War.

Felix M. Warburg, Chairman of the Joint Distribution Committee of American Funds for Jewish War Sufferers, who returned several days ago from a trip to Europe for that organization, made public yesterday some of his findings.

"The successive blows of contending armies have all but broken the back of European Jewry," he said, "and have reduced to tragically unbelievable poverty, starvation and disease about **6,000,000 souls, or half the Jewish population of the earth.**"

The Jewish people throughout Eastern Europe, by sheer accident of geography, have suffered more from the war than any other element of the population. The potential vitality and the capacity for self-help that remains to these people after the last five years is amazing to me.

The people are deeply moved by the help given them by America, Mr. Warburg said, but it would be fatal to lessen the emergency aid now while millions are in tragic need. The \$50,000,000 spent by his committee, he said, has fed and clothed more than a million children and has renewed the hope of five million parents and elders.

"For more than four years," he said, "the war on the Eastern front was fought largely in the congested centres of Jewish population. A straight north and south line from Riga, on the Baltic, to Salonika, on the Aegean Sea, will touch every important battle area of the Eastern war zone and every centre of Jewish population. After the cataclysm of the last few years it is too much to expect this Jewry to become self-sustaining in a short twelve-month."

Mr. Warburg is concerned over the program soon to be started for the discontinuance of emergency relief. His plan, he said, calls for the formation of a \$10,000,000 reconstruction corporation.

"This organization," he said, "would afford facilities for constructive aid to Jews abroad in the way of loans and credit at nominal interest rates. The value of this sort of assistance as a substitute for pure charity is apparent."

Other relief projects recommended by Mr. Warburg include the establishment of an express company to forward money and packages from Jews in this country to relatives and friends abroad; the distribution of \$120,000 worth of fuel in sections of Poland where destitution is greatest; the purchase of \$300,000 worth of cloth in the belt whereby unemployed workmen of Poland may get raw material, and a plan to reunite those Jewish families that have relatives in the United States and those who have become separated abroad.

Millions and Millions of Human Beings Are Suffering the Tortures of Disease, Hunger and Death—They Must Be Saved!

TOMORROW

Homes—

Over the entire country joy and happiness will reign supreme. The smile will bring forth gladness and the family will gather about the festive board where plenty of food has been prepared for the occasion. My! The children will be the happiest of all when they receive their gift—a day to rejoice—a land of plenty.

But—

"Over there"—millions of innocent people are starving and freezing with the cold—alone a million children sobbed at their bedsides. Ever since their prattling baby days they have only known war. Peace to them is an alien stranger. Think of the long, dreary days, with the hunger pangs ever pressing at their throats. Ah—in a pitiful night. Such these children perish!

Turn for a moment, if you will, from your own cozy family circle to those 8,000,000 starving, ragged, helpless Jewish men, women and children in Eastern Europe. Consider their lot. You'll have to stretch your imagination to the breaking point; and even then you will not exaggerate the terrible facts, if you were there. The sight is frightful!

Today **Six Million Jews** Are Facing the Darkest Days Ever Known In the History of the Race

In the devastated countries of Poland, Galicia, Rumania, Lithuania and Palestine. The pitiful plight of these poor unfortunates is no fault of their industrial race and innocent victims of circumstances. They have undergone the dreadful war which has already claimed millions of them—they are passing to the great beyond—a case of life and death!

This tragic race of people who have ever been deprived of all means of support are now dying by the thousands for want of food and shelter. American—red-blooded, charitable, humanitarian Americans of every religion and creed are asked to join with their Jewish brethren in saving these human lives and remedying the horrible conditions that now exist.

OPEN YOUR HEART—AND YOUR POCKETBOOK

Give as much as you can possibly afford. Remember the most beautiful thing in life is charity—and money is only good for the happiness it buys. What better use could you put your funds to than saving lives.

To help feed the hungry and clothe the naked and freezing peoples who have suffered the hardships and brutalities of war? Be ready when the solicitor comes next Tuesday—Open your heart and your pocketbook—Give! Give!—they are pleading.

Millions Needed For Jewish Relief Work in Poland

New York Committee Seeks More Funds as Result of Destruction of Towns During the Present War

All the relief work of the joint distribution committee among the Jews of Poland, in which several millions of dollars were expended, has been nullified by the war between the Soviet and Polish armies, according to reports received by Judge Otto A. Rosalsky, chairman of the Greater New York Campaign for Jewish War Sufferers Abroad.

The committee faced the task of raising additional millions of dollars as a result of the war in Poland. Relief work in Warsaw and towns in the fighting zone has been temporarily abandoned. Many of the communities had been virtually restored, but all this reconstruction work has been wiped out, the chairman has learned from his representatives in Europe.

"It is an old truth that whoever fights the Jew is the sufferer," Judge Rosalsky said yesterday. "Six million Jews were made homeless by five years of foreign and domestic wars. Through the joint distribution committee to raise funds for which the greater New York campaign was organized, we had succeeded in restoring them in some measure to normal health and economic independence.

"Now we find that in the war between the Poles and the Bolsheviki the Jew is again the sufferer. In all the towns where contending armies have swept back and forth, destroying homes, disorganizing community life, leaving death and destruction in their wake, our work will have to be done over. The destitute whom we had helped climb to their feet, will again be destitute, more miserable than ever before, because their very hopes of peace and security have again been shattered.

"If money were greatly needed before for relief, this new crisis has made it trebly needful. The greater New York campaign succeeded in raising the greatest sum ever procured in New York for any relief

movement, but it is still several millions short of its goal. Now it dare not relax its efforts until every dollar is raised and plans are completed which will enable us to meet this emergency. Our headquarters at 1133 Broadway now will be the center of a more energetic effort to fill New York's quota."

BEGS AMERICA SAVE 6,000,000 IN RUSSIA

***Massacre Threatens All Jews as
Soviet Power Wanes, Declares
Kreinin, Coming Here for Aid.***

Copyright, 1921, by The Chicago Tribune Co.
BERLIN, July 19.—Russia's 6,000,000 Jews are facing extermination by massacre. As the famine is spreading, the counter-revolutionary movement is gaining and the Soviet's control is waning. This statement is borne out by official documents presented to the Berlin Government, which show that numerous pogroms are raging in all parts of Russia and the Ukraine.

The information was gathered by Dr. Joseph Kreinin, a noted Jewish social worker and President of the Russian Joint Board of Jewish Societies. He says that several villages have been burned already and scores killed, seventy in one village alone. He is en route to America, where he plans meetings in New York, Chicago and elsewhere for the purpose of "saving his people."

According to Dr. Kreinin, mass flights from Russia have already begun, the Jews rushing to all borders and especially to Rumania, where there are 40,000 families camping along the frontier, hoping to find refuge. Among these, he says, at least 100 persons daily are dying from exposure and hunger.

Dr. Kreinin, who recently escaped from Moscow, says the pogroms are especially severe in the provinces of Homel, Minsk and Volhynia. The pogroms originated outside of Russia, in the Ukraine and White Russia.

He says in the Volga region a new sort of pogrom occurred, when Russian peasants attacked German settlements because they were foreigners. He declares the recent transfer of General Budenny into White Russia was for the purpose of pacifying the region.

"My object in visiting Germany and the United States is to organize all relief organizations throughout the world, Jewish as well as others," he added. "The only hope for the millions of Jews is for American aid, both material and political."

"I cannot expect much effect from any political steps, as the Soviets are losing control everywhere except in the cities. The massacres are occurring chiefly in the small towns."

"However, I hope the American Government will realize the danger of massacres is greater than at any time in history, and I hope they will help open the borders and lift restrictions on entering the United States."

Dr. Sokolow Tells Zionist Congress Jerusalem Will Be International Peace Capital.

CALSBAD, Aug. 27 (Jewish Telegraphic Agency).—"The League of Nations is a Jewish idea, and Jerusalem some day will become the capital of the world's peace," declared Dr. Nahum Sokolow, Chairman of the Zionist Executive Committee, at a special meeting of the Zionist Conference today.

"The League has recognized our rights to our ancient home," Dr. Sokolow continued. "We Jews throughout the world will make the League's struggle our own and will not rest until there is ultimate victory."

The meeting was convoked in order to celebrate the twenty-fifth anniversary of the first Zionist Congress.

"Today will be a holiday for Jews throughout the world," Dr. Sokolow added. "What we have achieved after a struggle of twenty-five years we owe to the genius of our immortal leader, Theodor Herzl, who laid the foundation stone of our movement."

It was decided at the meeting to send messages of congratulation to Max Nordau, one of Herzl's first followers; the Earl of Balfour and Baron Edmond de Rothschild, the last named being the founder of the first Jewish colony in Palestine.

The First World War marked a change of fortune and emphasis for Rothschild.

After the First World War, merchant banks yielded their traditional place in raising finance for governments to new international funding institutions.

The Rothschild banks now began a steady transition towards the raising of finance for commercial and industrial concerns. British clients between the wars included the London Underground.

In 1919, in a new page in the long history of Rothschild involvement with gold, N M Rothschild & Sons took on the role of Chair for the new daily fixing of the world gold price, a City tradition which continued at New Court until 2004.

The crash of 1929 brought problems, not least in Austria where Louis von Rothschild struggled hard to shore up the Creditanstalt, Austria's largest bank, to prevent collapse. Less than a decade later a darker tide arrived: the Austrian Rothschilds' interests were seized in 1938 by the Nazis, bringing to an end more than a century at the heart of middle European banking. In France and Austria, the family was scattered for the duration of the war.

Our history

In the early 19th century, the five sons of Mayer Amschel Rothschild set out from the family home in Frankfurt to the principal financial centres of Europe – London, Paris, Frankfurt, Naples and Vienna, to establish their great banking houses.

The brothers remained closely connected to their father and to each other and together worked as a partnership, binding themselves by contract to clear, defined objectives and principles. They created the fastest and safest courier network in Europe by which they exchanged market information, and soon positioned themselves as the best informed and most internationally effective banking group in the world.

Today, 200 years later, we continue the approach established by the five Rothschild brothers. Our working style emphasises integrity and intellectual rigour. We constantly share knowledge and skills to bring our experience and expertise to any challenge or problem, anywhere around the world. We seek to innovate and improve in every area where we do business and are recognised by our creativity and flair.

The Rothschild family motto 'Concordia, Integritas, Industria' translates as 'Harmony, Integrity, Industry'. This has underpinned the family's actions for over 200 years and remains central to our values today.

Jews don't like when gentiles refuse their tyranny and control. Their motto is: 'Be our slave or die.'

This act brings the generalized aversion to the Jews in Germany and increases the tension between the Jews and german gentiles. For this act, and for the well-known jewish support to Communism and participation in the bloody Bolshevik Revolution, the Nationalsocialists declare the jews "enemies of the state" and they are finally sent to concentration camps during the Second World War. The same happened to the 'american' japanese after Pearl Harbor. But, in difference of the Jews, the japaneses never launched an economic war against the United States, they were sent to american concentration camps only because their ethnic origin.

New Officers Elected by the Local Zionist District

The season's activities of the Columbus Zionist District opened Wednesday evening, October 24, at the Agudath Achim Synagogue. New officers of the District were elected at a preliminary meeting. The officers are: President, Roy J. Stone; Vice-Pres., Albert Schiff; Sec'y, Robert L. Mellman; Treas., Joseph Solove.

Exec. Board members include Dr. B. W. Abramson, Leon Berman, Max Bogatin, S. Byalos, Morris Lopper, M. Mathless, I. Nutis, Rabbi S. Rivlin, A. W. Robins, Harry Schwartz, Jos. L. Schwartz and Rabbi N. Selizer.

The mass meeting was addressed by Abraham Goldberg, prominent Zionist leader of New York, and was attended by over 300 people.

The present dire plight of the Jews throughout the world was sharply contrasted with their sound and hopeful condition before the World War. As set forth by Mr. Goldberg, it was the Jews, and not the Germans, who lost the war. This point of view, though not commonly accepted, was convincingly portrayed by a vivid description of the disruption by the war of the lives of the ten million Jews who formerly lived in Russia, under the Czar; that their economic status was far worse, now, removed as they are from the rich Russian markets, so that they are literally starving in their dispersion throughout the countries carved out by the war.

Our only gain, said Mr. Goldberg, is Palestine, and it is from England, the victor, that we Jews, the losers, must derive the salvation of our present situation, in Palestine, the land of hope for all the Jews.

The number of Jews deprived of their rights and economic opportunity in Europe increased greatly last year, Dr. Bernhard Kahn, European director of the American Jewish Joint Distribution Committee, said on his arrival here last week from Europe.

The new Government of Rumania has threatened to outlaw 800,000 Rumanian Jews, "disregarding peace treaties, minority treaties and the constitution of the country," said Dr. Kahn.

government except sometimes in cases of physical violence and public disturbance," he said.

"It is a matter for encouragement, however, that many outstanding personalities and some political parties in Poland are courageously raising their voices against the inhuman treatment of the Jews and the poisonous atmosphere of anti-Semitism.

"In Germany the Jews are being driven out of the last economic positions. Increased oppression is swelling the number of refugees and emigrants. More than 15,000 Jews had to leave Germany during the last year and in the middle of the year the German laws of racial discrimination were extended to the 12,000 Jew in Upper Silesia (the Danzig corridor) "

Dr. Kahn said there are 25,000 refugees in Europe, the greater number of them living in need and in demoralizing uncertainty. He expressed the hope that the inter-governmental conference at the League of Nations would take up the refugee problem again in February.

"Five to six million in all are today the victims of governmental anti-Semitism and policies of unchecked anti-Semitic propaganda and persecution. All these millions are in danger of losing their rights as citizens. Their economic existence is constantly menaced and for thousands upon thousands their

Ready at any moment to defend the strip which he is trying to convert to fertility is the Jewish settler of the Jesreel valley.

FIVE or six million Jews, uprooted by dictatorships and tossed about by economic storms, may have to depend upon the development of the Holy Land, under British mandate, as a solution to their difficulties. But they face the hostility of the Arabs living there, whose economic and religious interests conflict with theirs.

In North Palestine the Jews fence themselves in armed settlements as a protection against marauding Arab bands, while they try to work the poor land. With Britain anxious to get rid of her mandate, and with enemies in nearly every corner of the world, these "people without a country" are in a sorry plight.

WINS HERZL AWARD

Churchill Honored By Zionists

NEW YORK — Over 1,000 leaders in the Zionist movement in civic and community affairs participated last week in a tribute to Sir Winston Churchill sponsored by the Zionist Organization of America (ZOA) at its annual dinner.

The dinner highlighted the presentation of the annual Theodor Herzl Award — Gold Medallion of the ZOA to Sir Winston Churchill in tribute to his historic accomplishments as an architect of the Jewish State and protagonist of Zionism.

The Gold Medallion was accepted in behalf of his father by Randolph S. Churchill, only son of Sir Winston.

The Theodor Herzl Award, which was named for the founder of modern Zionism, was created in 1958 to be awarded to individuals who have rendered outstanding services to the Zionist cause. Previous recipients of the award were Israel president Itzhak Ben-Zvi; the Earl of Balfour who received the award posthumously in behalf of his late uncle, the author of the Balfour Declaration; Dr. Abba Hillel Silver, Louis Lipsky and Dr. Emanuel Neumann.

Dr. Max Nussbaum, president of the ZOA, presented a comprehensive review of Churchill's role in the past 60 years in lifting his powerful voice against persecution of the Jewish people in all lands of oppression, and his ardent endeavors in the furtherance of the Zionist goals for the establishment of a Jewish State.

Crossed Path With Herzl
Quoting extensive excerpts from Sir Winston Churchill's utterances and writings since 1903 when the British statesman first crossed paths with Theodor Herzl, the founder of modern Zionism, when the latter

negotiated with the then British Colonial Secretary Joseph Chamberlain for proposed Jewish autonomous settlement in the

WINSTON CHURCHILL

Sinai Peninsula, Dr. Nussbaum said that: "In the over-all spectrum of the unparalleled lifetime accomplishments of Sir Winston Churchill, the shining chapters recording his great humanitarian achievements in behalf of the persecuted of our people and the furtherance of the Zionist movement constitute a vital part of history."

The speaker cited at length

Churchill's expressions of wrath against persecution of Jewry during the Czarist Russian pogroms of 1905 when, in that year for the first time, he was introduced to Dr. Chaim Weizmann who later became the first President of Israel. Dr. Nussbaum traced Churchill's consistent championship of the cause of Zionism throughout the long years when Churchill was both in and out of office and his ardent fight against the forces of anti-Semitism which were particularly reflected in his denunciations of Hitler's program of Jewish extermination.

The speaker also referred to Sir Winston Churchill's renewed avowal of his Zionism during his visit to Washington on June 28, 1954, when Sir Winston Churchill publicly stated:

"I am a Zionist. Let me make that clear. I was one of the original ones, after the Balfour Declaration, and I have worked faithfully for it."

BEN-GURION'S VIEW

Churchill's Action Saved Jews

In his response following acceptance of the Herzl Award in his father's behalf, Randolph Churchill recalled the following conversation with former Israeli Prime Minister David Ben-Gurion.

"I asked Mr. Ben-Gurion why it was that he always spoke of my father with such veneration. Was it I asked him, because of his life-long support of Zionism or was it because of his refusal to give in to Hitler in 1940?"

Ben-Gurion replied with extraordinary emphasis: For the second reason. We Jews are a realistic people. We could not conceive how Britain could carry

on the war after the fall of France; and we knew that if Britain gave in, every Jew in Europe and Palestine would be exterminated. This is what we expected and for this fate we had steeled our souls.

Then Churchill spoke his famous words: We will fight on the beaches and in the streets, we will never surrender. Against all the odds, against every defeat and misfortune he prevailed. Other peoples might have survived the defeat of Britain but for the Jews it would have been the end. That is why his name will always be honoured in Israel."

The Canadian Jewish Chronicle - December 25, 1964, p.6

Winston Churchill And Zionism

Zionism, the idea of restoring the Jewish People to the Holy Land, captured Winston Churchill's imagination way back at the turn of the century. He never wavered, since then. But he was not one of those vague Anglo-Zionists who prayed for the restoration of the Temple as described in the Bible, pillars and all. He was a practical politician and, having acquainted himself with the Jewish problem that was at one time Member of Parliament for Manchester and represented an area thickly populated by Jews) he asked himself the question: surely, there must be a solution; what is it, then?

After Herl's historical interview with Joseph Chamberlain, the Uganda Project emerged to baffle and torment Zionists and to exercise some British politicians. At the time, 1904, Churchill told a reporter that the Uganda proposal "deserves fair and patient consideration..."

He repeated this sentiment several times in the coming months. But he soon realized the difficulties of settling Jewish refugees in Uganda... and wrote in a letter to Jacob Mover (I am indebted for its text to Dr. Oscar K. Rabinowicz who assembled Churchilliana on the Jewish question in his book and illuminated them with his own commentary) that "the restoration of the Jews to racial and political integrity would be a tremendous event in the history of the world."

In 1921, Churchill, by then Colonial Secretary, visited Jerusalem and told a gathering of Jews on Mount Scopus:

"Personally my heart has been with Zionism since 25 years ago when I made the acquaintance of Manchester Jewry." Then, already in 1925 he became a single-minded Zionist, not to be distracted by Utopian or crackpot solutions for the tragedy of the Jews.

Churchill's White Paper of 1922, which interpreted the Balfour Declaration and the British Mandate over Palestine, was not universally applauded by all Zionists, to say the least. Nevertheless, it was the document of a dedicated friend torn by various demands and guided by hostile civil servants. It was not a betrayal, in his eyes. Immigration continued and so did settlement. He said years later that the Jews could have done much more with his White Paper. How well we know it. Even Eastern European Jews did not go to Palestine in their masses; it was a trickle of idealists.

A quarter of a century later, speaking of a loan which the Treasury refused to grant Israel, Churchill remarked: "Sometimes even I cannot follow my inclinations and have to give way." He was then Prime Minister, the victor of the Second World War. Churchill as we know him. How much did he have to give way in 1922?

Always a Zionist

In 1920, after the British Labor Government issued its Passfield White Paper — which re-

commended suspension of Jewish immigration into Palestine until a census was taken the following year and suggested curtailment of land purchases by Jews in Palestine — Churchill joined the worldwide protests against the document. He wrote a special article for the Jewish Telegraphic Agency on the implications of the White Paper and took sharp issue with the recommendations in it. He called upon the British Government to return to the basic principles of the Balfour Declaration which pledged the establishment of a Jewish National Home in Palestine.

In 1943, during the critical Cairo and Tehran conferences of the Allied leaders, he held a press conference at the British Embassy in Cairo at which a large number of Arab journalists were among the 150 correspond-

ents present. To them he said "I personally have always been a Zionist." He also said that the Jews in Palestine "have made the desert bloom" and said that it would be "murderous" for the Arabs to cut themselves off from the benefits of this Jewish effort.

After the assassination of Lord Moyne in Cairo, Churchill was bitter for a few weeks but not hostile. "It is not our dream of Zionism would end in the smoke of assassin's pistols and our labors for its future to produce only a few set of assassins!" he said when he returned to the House of the Commons.

During Jewish Brigade But his greatest contribution, the decisive one, the one which changed the course of Zionism and probably brought the Jewish State a decade or more near-

ALPERT'S NOTEBOOK

by CARL ALPERT

HAIFA — There is an organization in Israel which calls itself the League for the Abolishment of Religious Coercion. Superficially it appears to campaign against the monopoly on religion held by the orthodox groups here. It calls for religious freedom, liberty of conscience and individual rights which, the League says, are restricted by orthodox provisions for public observance, of the Sabbath and by laws governing marriage and divorce.

I have been watching the development of the League for some time with curious interest. There was something about its operations and its activities which seemed vaguely familiar, but I could not place what it was.

There is hardly a case involving religious problems in which the League does not project itself if by so doing it can stir up a fuss. When there was question of the validity of non-rabbinical marriages, it was the League which encouraged a mass marriage program without benefit of clergy, in a left-wing kibbutz. When question arose regarding the Jewishness of a Neasareth woman who had claimed to be Jewish, it was the League which agitated the case into headlines, while most sensible people felt the matter could be settled quietly and without making a scandal. When there is protest against intermarriage — as between Jew and Arab for example — it is members of the League who smear at the old-fashioned "racial purity" theories of the orthodox.

Only recently an active member of the League proudly told a group of young Israelis for whom he was serving as educator, that he celebrates Yom Kippur by reading the New Testament. At that moment it struck me what was so familiar about the League. Its techniques and its activities parallel very closely the techniques of the American Council for Judaism. In the case of the Israel group, however, the negativism applies to religion — not only to orthodoxy, but to all religion, in all its forms. Some Israelis had initially cooperated with the League for the Abolishment of Religious Coercion believing that the attacks against orthodoxy would open the way for Conservative and Reform Judaism to win adherents in Israel. They were quickly disillusioned when they learned the true nature of the League's philosophy. There was still a few Reform rabbi here who continue to cooperate with the League, thinking that they can influence its program in a constructive way. Undoubtedly some of the members do have religious interests and seek religious outlets other than orthodoxy. These are in a small minority, yet they are used to give the League its religious "respectability".

Even more regrettable is the fact that a parallel group has been set up in the United States. Known as the American Friends of Religious Freedom in Israel, it may have no organic relationship with the Israel League, yet the initiative came from the same hands which organized the League. It is disturbing to find the names of distinguished men like Prof. Horace Kallen, Rabbi Ira Eisenstein, Rabbi Joachim Prinz and Rabbi Gunther Plaut among the leaders of the "American Friends". Unless they can very closely control the program of the organization, they will find that they are being used as pawns by a small group of determined secularists and left-wingers who are out to undermine and destroy organized religion as such. The latter do not mind cooperating with Conservative and Reform Jews so long as the first target is orthodoxy. The format of the "front" organization is a familiar one.

Meanwhile, in Israel the League continues to muddy the waters of community life. Behind high-sounding phrases it presens a program which is calculated to plunge the country into open fratricidal strife between the religionists and the secularists. It is sad to find that the League is receiving encouragement and tacit support from religious leaders abroad.

Churchill's note to Sir Edward Bridges, Secretary of the Cabinet and Head of the Civil Service, dated July 16, 1941, was the "act which created the Brigade." All his important war decisions used to be conveyed in this fashion, by notes dictated from his bed in the early hours. This one reads:

"In your report about the War Cabinet meeting on forming a Jewish fighting force, you say that it was decided that a brigade group would be carefully examined. I certainly understood the Cabinet's decision; they have a victorious army at their disposal; and they have the support of both the Soviet and the United States."

Still later, in 1949, Churchill's last the had in answering Foreign Minister Bevin of "pyria die" against the Jews in Palestine. "The Foreign Secretary, he thundered in the House of Commons, "was wrong in fact, wrong in methods, wrong in results. We have lost the friendship of the Palestine Jews for the time being." He insisted that Israel, as well as the Arabs, must be given access to the shipping lanes in the Gulf of Akaba.

Churchill dictated this note after having received a letter from Dr. Chaim Weizmann. He appended a copy of Weizmann's letter to the note. On July 25, 1944, the War Cabinet decided to form the Jewish Brigade Group — and the dream became a reality.

The brigade gave the Jews new heart in the dark days of the Nazi era. Members of the Brigade were among the first to enter the conquered Nazi Germany and to liberate Jews from Nazi camps. Later they formed the basis of the Israeli army when Israel was proclaimed an independent state and the defeat of the Arabs in 1948 was in no small measure due to their contribution.

After World War II, when the British people voted the Churchill Government out of office, and Clement Attlee became Prime Minister while Ernest Bevin took over as Foreign Minister, Churchill's voice was raised in the House of Commons to plead, urge and demand justice to the Jewish cause in Palestine.

Urged Israel's Recognition

It was Churchill who first mentioned the possible withdra-

wal of Britain from Palestine. He told Parliament: "If we cannot fulfill our promises to the Zionists, we should, without delay, place the Palestine Mandate at the feet of the United Nations and give notice of our impending evacuation." Later, in 1947, he warned again that "we are fighting the Jews (in Palestine) in order to give the country to the Arabs."

After Israel had been established in 1948, Churchill described the rebirth of the Jewish State as an outstanding event in world history, upbraided the Labor Government for its "silly hypocrisy" of Israel, demanded urgently that a British representative be sent to Israel "immediately". Summing up the Jewish achievements in Palestine, he told Parliament: "The Jews have driven out the Arabs from a larger area than contemplated under the (United Nations) partition decision; they have established a Government which functions efficiently; they have a victorious army at their disposal; and they have the support of both the Soviet and the United States."

In answer to a Bevin statement, naming the Palestinian Jews of "invading" Egypt, Churchill said, "If Egypt invaded Israel, I would not be the first to charge Bevin with making Israel into 'a mockery and scapegoat.' Over and over again, Churchill demanded in Parliament that Israel be recognized by Great Britain — as aim finally achieved.

If anybody deserves the accolade of Ehad Mehadash (one of the righteous of the nations) it is Sir Winston Churchill. He remained true to his early Zionist convictions for sixty-five years and kept faith with Zionism and Israel to the end. His name is already enshrined in Israel. He goes down in Jewish history as one of its favorite sons.

Without any doubt with enemies like Churchill, one can expect that he was never going to negotiate the peace, since this was never between his plans.

Anyone that knows where to search will be able to find without problems many samples of the peace offers realized by Germany.

REVIEW OF EVENTS

It is as yet too early today to comprehend the full extent of the tragedy which has overtaken the world. The conflict has but started. It is now still limited to four countries. The extent of its possible spread is not as yet known. But the tragedy which has overtaken the millions of people in the war zone as well as the 3,500,000 Jews in Poland and the 800,000 Jews in Germany and her possessions is sufficiently great to defy the imagination and stir the deep sympathy of those who still be-

lieve in mercy, justice and the protection of the weak. Scarcely two months before Hitler's aggression against Poland, Herr Hans Ziegler, a ranking official in the Propaganda Ministry, emphasized, according to a dispatch by the Jewish Telegraphic Agency, in his book entitled "Juden und der Weltkrieg," that one of the worst-while results of the coming world war would be the annihilation of the six million Jews in

East and Central Europe. Other warnings of the same dire character have been uttered by Nazi officials and publications for the past several years.

Today, two-thirds of the Jewish population in Poland is under Nazi occupation. Even the infrequent dispatches from the war front indicate that the Jews were the twofold victim of Nazi hatred and retaliation, first as citizens of Poland, and secondly as Jews. The Nazi propaganda machinery is feverishly at work in an effort to drive a wedge between the Jews and the Poles. In line with its set policy, pursued before the hostilities commenced, Nazi propaganda attempts to convince the Poles that their enemy is the Jew and not the Nazi aggressor. At the same time, an effort is made to portray the Polish civilian resistance as stemming mainly from Jews, in order to justify wanton retaliation and goad the German soldiers and civilian population to more frightful acts. Frequent bombardments of Polish towns have been directed in many cases at the Jewish quarters. Polish Jews knew that their very existence is at stake in this war. For the part of Poland, occupied by the Nazis, there may be a puppet government, Slovak style, pending a change in fortune. For Jews there is but death, exile and persecution. Nor is there any escape for them. If the pattern established by the Russian forces, Jews in these localities will face persecution for their religious beliefs, Zionist activities and democratic sympathies.

As was not the case in the last war, in which the Jews of Germany shed blood for the glory of the grateful "Vaterland," they are held there today as hostages to become again the scapegoats in the event of the defeat of the Nazi forces.

The problem of Palestine has attained a new complexion against the background of the new world situation. It continued to loom large until the outbreak of hostilities. It was evident from the utterances and actions of the Colonial Minister, Mr. Malcolm MacDonald, that the British Government was determined to put into effect the measures outlined in the White Paper, and to break the resistance of the Jewish community. This was reflected in the suspension of Jewish immigration into Palestine during the six months beginning October 1, 1939, as a retaliation for the continuous stream of "illegal" immigration of German and other refugees. Jews were heartened by the publication of the report of the League of Nations Permanent Mandates Commission, four of whose seven members declared the White Paper an unmistakable violation of the terms of the Mandate. In the meantime, attention was shifted to Geneva where the Twenty-First Biennial World Zionist Congress was opened on August 16.

The Congress met under the threatening clouds of war, a circumstance which influenced both the procedure and the tenor of the addresses and discussions. Because of the emergency situation in Zionism, elections were not held in a number of countries. The labor group was strongly represented as usual, and its coalition with the liberal General Zionists (Group A) still dominated the scene in spite of minor disagreements. The major differences which transcended all group lines ranged about the type of resistance to be undertaken against the British policy. While the Congress went on record as unanimously opposed to any compromise in Palestine at the expense of Jewish rights.

Plight of Refugees

Conflicting reports were received here about the several hundred Jewish refugees interned in the Dutch-German frontier town of Westerbork. It was impossible to learn whether the Dutch Government had kept a pledge to evacuate the camp the first signs of a Nazi invasion. One report had it that the German Army had occupied the town.

The plight of the refugees in Belgium and Holland is particularly tragic since Nazi measures against recaptured Jewish refugees are even harsher than

Facing a year expected to tax its resources to the utmost, the United Jewish Fund of Columbus will officially open the 1940 campaign on Tuesday, June 11, with Robert W. Schiff, prominent business executive, heading the drive as general chairman. Announcement of Mr. Schiff's appointment was made this week by Edwin J. Schanfarber, President of the Fund organization during the past fourteen years.

The United Fund chairman will have the assistance of such capable vice chairmen as I. W. Garck, Ralph Lazarus, Herbert Levy, Leonard Kohn, Albert Schiff and Robert Weiler. Already for the past few weeks these men have been busily engaged in formulating plans for this forthcoming fund raising effort.

Other important heads who have accepted posts in this year's campaign are, Mrs. Alfred Kobacker, Women's Division; William Wasserstrom, chairman of the Speakers Bureau; and Dr. Don Shusterman, Junior Division.

In accepting the chairmanship of this year's United Jewish Fund Campaign, Mr. Schiff issued the following statement to Columbus Jewry:

"Over six million Jews in Central and Eastern Europe are faced with great danger of annihilation as the result of the sweep of war and oppression. An increased quota over last year is imperative in order to raise funds for immediate relief and rehabilitative aid to war sufferers overseas, and assistance to emigres coming to the United States.

Jewish life in Europe is faced with a 'blackout' in the grimest sense of the word. This places upon every community in America the greatest responsibility since the first World War created a wide-spread emergency relief problem.

I am calling upon the Columbus Jewish community to establish a new standard of generosity in the campaign which will open Tuesday, June 11, in order that the unprecedented emergency in Jewish life may be met through large-scale efforts.

Realizing full well that a tremendous responsibility rests upon the General Chairman in attempting to raise the largest quota ever asked of this community, I am confident that with the cooperation of my Vice Chairmen, committee heads and workers, local Jewry will answer the challenge of the times as it has always done."

Robert W. Schiff

Robert Schiff, although a well known public-spirited citizen in

our community for a number of years, has had little time to devote in active participation of both local and national movements. His contributions, however, to all worthy causes have more than offset this handicap.

Mr. Schiff began his career as a shoe salesman in 1918, and within four years had reached the point where he, together with his brother, had founded the Schiff Shoe Company, a large shoe organization. The Schiff Co., with general offices located at 35 N. Fourth St. The firm to-day is the third largest Shoe Chain with approximately 287 stores from coast to coast and over 1500 employees.

Among the familiar personalities in our midst who played an important part in the successful Schiff enterprise are Albert Schiff, 2380 Bryden Rd., Morris Schiff, 63 S. Cassady Ave., William Schiff, 211 S. Cassingham Rd., Jack Schiff, 2717 Fair Ave., Saul Schiff, 2538 Maryland Ave., Edw. Schiff, 1805 Franklin Pk. S., Earl Coplon, Jule Mark, 2672 Fair Ave., and Abe Jacobson, 223 S. Cassingham Rd.

By his geniality, his kindness and his thoroughgoing loyalty, Robert Schiff has endeared himself to thousands here and throughout the state. The Ohio Jewish Chronicle desires to commend the local leadership in their choice of this year's campaign head. It assures him every cooperation in conveying the weekly message to our people in this, the greatest of all humanitarian efforts.

"HITLER WILL BE NOTHING BUT A ROSEBUD"

Says The Author of
"Germany Must Perish"

Theodore N. Kaufman, the Newark ticket broker whose book, "Germany Must Perish," was given by the Germans as the reason for the summary eviction of the Jews of Hanover, is a colorful character with strong views on the reasons for wars, as described in this interview. Kaufman is convinced that the solution for the ills of the world lies in sterilization of the German people. He outlined the method in detail for the Canadian Jewish Chronicle and the Independent Jewish Press Service.

— The Editor.

FAST-TALKING, fist-pounding, intense Theodore N. Kaufman said with a harsh voice: "The Germans cannot understand the talk of civilized people. They must be approached in their own idiom. That's why I wrote 'Germany Must Perish'."

Mustached, stocky Kaufman, author of the book which the German propagandists used as an excuse to evict the Jews of Hanover, nervously grasped a pencil. "Look," he said. "Notice how throughout history the Germans have begun world wars. Since the Huns swept over the face of Europe that unfortunate continent has been victimized by the Germans."

Kaufman smiled. "I don't hate the Germans, mind you. I only want to say that the theory of Germanism has been responsible for all the world wars. So why not rid the world of the aggressive Hun? But it must be done humanely. That's why I advocate the sterilization of all Germans."

SITTING in a Newark cafeteria, the 31-year-old Jew who has been called by the Goebbels press "Roosevelt's intimate friend," explained that he came to the conclusion that sterilization was humane because "the life span of the German is not shortened. Neither is the sexual pleasure of the individual halted. What is better — to massacre the German, line him up against the wall, or to deprive him scientifically of the right of parenthood? After all, Germans have been responsible for the shedding of tons of human blood."

Kaufman has the sterilization system all worked out. In "Germany Must Perish," a short book of 100 pages which, incidentally does not mention the word Jew and does not deal at all with the Jewish problem, Kaufman writes: "The operation is extremely rapid, requiring no more than ten minutes to complete. . . . Taking 20,000 surgeons as an arbitrary number and on the assumption that each will perform a minimum of 25 operations daily, it would take no more than one month, at the maximum, to complete their sterilization."

In an impassioned speech, Kauf-

man exclaimed in a high voice: "Some people have called me a crackpot. I say to them — all right, you tell me: what will we do after this war is over? With whom will we sit down at a peace table? With the democratic Germans? Don't make me laugh. They won't be able to run Germany for more than a month. This is what is the trouble with democracies. They don't understand the German psychology. Germanism, since the days of the first German conquests 500 years ago, planned to conquer the world. The Germans are not like the English, who conquer nations for the sake of monetary gain. Germany insists on total victory."

Kaufman looked around and saw no one in sight. He turned back and smiled: "If a nation wants to conquer the world, she must have total backing at home. The Kaiser had twenty per cent of the people behind him, that's why he failed. Hitler has sixty per cent of the Germans behind him, and he needs all of them to win this war. That's why he'll lose. He hasn't the complete backing of his race. But the next German leader will make Hitler look like a rosebud." Kaufman mullered over the word. "Yes," he said, "Hitler will be nothing but a rosebud. Understand, rosebud."

"My book," he said, "is a voice of doom to the Germans. Can you imagine what they think when they read in their own language — and 'Germany Must Perish' is translated into German, you know — that all Germans will be sterilized? Ha, they are afraid! That's why they write about the book. It hit home."

THE MAN who has aroused the ire of Nazi Germany has travelled all over the world during the last ten years. "I was in every hot spot of the world, except Russia," he boasted. "How could I afford it? Well, I'd organize an Anglo-Jewish paper in a town, make a success of it, sell out and travel for a year. I founded and edited many papers, including the *New York Legal Record*, the *Jewish Guardian*, the *Jewish Independent* and a few others. My father is editor of an Anglo-Jewish paper, the *Newark Chronicle*."

Theodore Kaufman is not a Zionist. "I was in Palestine and am in great sympathy with the work being done there," Here he gripped my arm. "But, you must understand, it isn't good for all the Jews to be segregated in one locale. The anti-Semites can get at them all at once. If Jews are spread out over the world, they'll live forever as a nation."

He took his hand away from me

and moved around in his seat. "I believe," he declared, "that the Jews have a mission in life. They must see to it that the nations of the world get together in one vast confederation. 'Union Now' is the beginning of this. Slowly but surely the world will develop into a paradise. We will have perpetual peace. And the Jews will do the most to bring about this confederation, because they have the most to gain. But how can you get peace if Germany exists? The only way to win an eternal peace is to make the punishment of waging war more horrible than war itself. Human beings are penalized for murder, aren't they? Well, Germany starts all the wars of magnitude. Let us sterilize all Germans and wars of

One Man's Plan For Peace Forever

By HAROLD U. RIBALOW

world domination will come to an end!"

ABOUT anti-Semitism, Kaufman said: "Jews must come out into the open and fight this evil. Do you know that I risked my life by signing my name to this book? But we cannot afford to compromise. Germany and Germanism need not have anti-Semitism for a scapegoat. The next Fuehrer won't have anti-Semitism, as there won't be enough Jews in Germany. But those Germans will find some sort of whipping boy, unless we lick Germany and eradicate her from the face of the earth."

It was twelve o'clock, and Kaufman had to return to his ticket

Those Who Are Safe

Less than half a million Jews in Europe are safe: They are the 400,000 in Great Britain and the small communities in Switzerland, Sweden and Portugal. The Danish Jews have thus far also been spared.

But of the other six million Jews living in 1939 in the European countries now controlled by Hitler or his Allies and vassals; one or two million are already dead and the other four or five million are somewhere between life and death — I do not know whether nearer to life or to death. Nobody can tell exactly how many have been shot, hanged, buried alive, burnt or beaten to death by Nazis, Rumanians, Ukrainian and Ustashi bandits in Poland, Russia and the Balkans. There are no statistics available about death by starvation and disease in the many ghettos and labor camps, but I believe that death by starvation must have killed by now at least as many as death by more violent methods.

Ohio Jewish chronicle. (Columbus, Ohio) - October 9, 1942 p.5

Article from the Ottawa Citizen:

Says Two Million Jews Were Killed by Nazis

Rabbi Stephen Wise, Chairman of the World Jewish Congress Asserts Half of Those in Occupied Europe Slain in Campaign of Extermination.

WASHINGTON, Nov. 24—(A.P.)—Dr. Stephen S. Wise, chairman of the World Jewish Congress, said tonight that he had learned through sources confirmed by the State Department that approximately half the estimated 4,000,000 Jews in Nazi-occupied Europe have been killed in an "extermination campaign."

Dr. Wise, who also is president of the American Jewish Congress and chairman of a committee composed of representatives of leading Jewish organizations in America, said these sources also disclosed:

1. That Hitler has ordered the extermination of all Jews in Nazi-ruled Europe in 1942.

2. That the Jewish population of Warsaw, Poland, already has been reduced from 500,000 to about 100,000 Jews.

3. That when chief Nazis speak of "exterminating" Jews in Poland, they speak of "four-fifths of the Jewish population in Hitler-ruled Europe," since that percentage either now is in Poland or en route there under a Nazi grouping plan.

4. That Nazis have established a price of 50 Reichmarks for each corpse—mostly Jewish, Dr. Wise indicated—and are reclaiming bodies of slain civilians to be "processed into such war-vital commodities as soap fats and fertilizer."

"He (Hitler) is even exhuming the dead for the value of the corpses," Dr. Wise said during a press conference shortly after he had conferred with State Department officials.

He stressed the fact that most of his information came from various

sources other than the State Department, but said those sources have been confirmed as authentic by the department.

In addition, he quoted a "representative of President Roosevelt recently returned from Europe" as saying that the "worst you (Dr. Wise) have thought is true."

Dr. Wise attributed the Hitlerian campaign toward elimination of all European Jewry this year to "a last desperate effort—one of his last mad acts before he is destroyed, or called to his judgment."

Awaited Confirmation

Stressing that State Department confirmation of both sources and rumors from Europe had come at the request of the Jewish committee, Dr. Wise said the committee had deliberately awaited such confirmation before making public any report on its investigations since it was organized last Labor Day.

"The State Department finally made available today the documents which have confirmed the stories and rumors of Jewish extermination in all Hitler-ruled Europe," he said.

"Various methods are being used in the campaign," he said, "and the Nazi doctors have found that one of the simplest and cheapest methods is to inject air bubbles into the veins of the victim."

"One Nazi physician can handle more than 100 men an hour by this method."

"Not only has Hitler ordered the extermination of all Jews in Nazi-ruled Europe in 1942, but he recently expressed his wrath at the Nazis' failure to complete the extermination immediately," Dr. Wise said.

NAZI MASS SLAUGHTER OF JEWS

Himmler's Order To Kill Half In Poland In One Year

LONDON, Dec. 19.

The report of the Inter-Allied Information Committee on German persecution of Jews published to-day reveals that the Gestapo Chief Himmler after a visit to Warsaw ordered one half of the Polish Jews to be killed in one year. Special 'extermination commands' were organised and trained for the task. Under Himmler's order deportations were carried out at the rate of 10,000 daily. At centres of execution, Jews were murdered by means of **electrocution** and lethal gas.

Hitler Regime Wipes Out Jews By Mass Murder

LONDON—(AP)—The inter-allied information committee declared today that the Germans have transformed Poland "into one vast center for murdering Jews" by mass shootings, **electrocutions** and lethal gas poisoning and that 99 per cent of the Jews who lived in Yugo-Slavia or took refuge there are dead.

The statement by the committee, which represents the Allied governments in London, gave a country-by-country resume of Nazi measures against Jews in occupied lands. The Allied governments recently protested against crimes against the Jews

and warned that those responsible would be punished.

The committee's statement repeated the estimate by Dr. Stephen S. Wise, American Jewish congress president, that since 1939 2,000,000 Jews in Europe have been deported or have perished, and "another 5,000,000 are in danger of extermination."

The committee said its statement presented only "a summary of evidence" of wholesale measures of extermination of Jews.

In Warsaw, it said, 500,000 Jews were crowded into one ghetto, and their ranks reduced by starvation and disease and shootings until "in March, 1942, more direct methods of annihilation were instituted."

KILLED EN MASSE

"Deportations of the Jewish population from the ghetto were begun on Aug. 17.

"Actual data concerning the fate of the deportees is not at hand, but the news is available—irrefutable news—that places of execution have been organized at Chelm and Belzec, where those who survive shootings are murdered en masse by means of **electrocution** and lethal gas.

Used for Wholesale Massacres;
Annihilation Germans' Aim

LONDON, Dec. 21. — The Inter-Allied Information Committee says that the Germans have transformed Poland "into one vast centre for murdering Jews" by mass shootings, **electrocutions** and lethal gas poisoning, and that 99 per cent of the Jews who lived in Yugoslavia, or took refuge there are dead.

The statement by the committee, which represents the Allied Government in London, gave a resume of Nazi measures against Jews in occupied lands.

The committee's statement repeated the recent estimate by Dr. Stephen S. Wise, American Jewish Congress president, that since 1939, 2,000,000 Jews in Europe have been deported or have perished, and "another 5,000,000 are in danger of extermination."

In Warsaw, it said, 500,000 Jews were crowded into one ghetto, and their ranks reduced by starvation and disease and shootings until "in March, 1942, more direct methods of annihilation were instituted."

"Deportations of the Jewish population from the ghetto were begun on August 17

MURDER EN MASSE

"Actual data concerning the fate of the deportees is not at hand, but the news is available—irrefutable news—that places of execution have been organized at Chelm and Belzec where those who survive shootings are murdered en masse by means of electrocution and lethal gas.

Before the German attack upon Yugoslavia, the statement continued, Yugoslav Jewry numbered about 80,000 persons and more than 6,000 others had fled there from German-occupied countries.

"A majority—99 per cent—of the

Yugoslav Jews, and those who had taken refuge in Yugoslavia, are now dead. About 1,000 have remained alive, though almost all have to live under conditions of internment."

Curb Lifted On Gas Sales

However, Ration Coupons
In East United States
Reduced in Value

Associated Press

WASHINGTON, Dec. 21.

—The lid on gasoline sales was off today after the most motorless weekend the eastern United States seaboard has known since the horse and buggy days.

The ban against non-commercial sales in 17 Eastern States which went into effect Friday noon because of an acute shortage due to military needs was lifted at midnight Sunday night.

The office of Price Administration, however, cut the value of "B" and "C" coupons from four to three gallons each. The "A" coupons continue on a three-gallon basis, the same as the basic gasoline ration in Canada on an "AA" card.

CHURCH APPEAL FOR ASYLUM FOR JEWS

LONDON, Sunday.

In a statement issued in the name of the ~~Entire~~ Anglican Episcopate, the Archbishop of Canterbury, York and Wales urge the British Government to declare its readiness in consultation with the Dominions, to co-operate with the United and neutral nations in finding immediate asylum within the Empire and elsewhere for Jewish refugees.

The statement declares: "The Bishops of Britain and Wales are profoundly stirred by the Parliamentary declarations describing the barbarous and inhuman treatment to which Jews are being subjected as part of Hitler's plan to exterminate six million Jews in occupied Europe. The sufferings of these Jews constitute an appeal to humanity, which it is impossible to resist and it is the duty of civilised nations to provide sanctuary for victims."

POISON GAS FOR SMOLENSK JEWS

Ilya Ehrenburg, the Russian-Jewish journalist, has reported in the RED STAR that in Smolensk the Nazis forced 1,500 Jews into hermetically sealed trucks and killed them with poison gas.

A Russian guerrilla leader, who recently made his way from the Smolensk district to the Russian lines, has reported that the only Jews left in Smolensk were those hidden in non-Jewish houses. Many thousands were massacred while a few of the more noted Jews were imprisoned. The last 16 Jews caught by the Nazis were tortured and forced to dance naked on snow-covered ground for the amusement of German officers and Gestapo officials. Those who refused to dance were beaten with sticks. Finally, they were ordered to dig a grave and were all shot. The last words of one elderly Jew were: "Our children will avenge our tortures!"

Details of some Nazi atrocities in Latvia have recently been given in the official SOVIET WAR NEWS. All Jews and gipsies were killed in the towns and villages of Latfalia and in the Kurseine and Verseine districts. Whole families were herded inside shops in the market square and killed off with poison gas.

The Jewish Chronicle - May 7, 1943

THE GOEBBELS 'MASSACRE'

More Mass Graves "Discovered"

Goebbels incessantly bombards the world with new details of the Nazi "discovery" of the graves of thousands of Polish prisoners of war alleged to have been massacred by "Jewish Bolshevik Commissars" in the forest of Katyn, near Smolensk. The Nazis are publishing lists of names of allegedly massacred Poles, but these lists contain the names of several Jews including Staff-Doctor Michael Tobias, of Praga (a suburb of Warsaw) and Solomon Philip, although the Nazis previously alleged that the Soviet authorities had separated the Jews.

This atrocious propaganda has been sedulously spread in Italy, Spain, Slovakia, and Rumania. Fascist newspapers in Italy and pro-Nazi newspapers in Spain dutifully swallow the Nazi story and denounce the "Jewish Bolsheviks." In Slovakia, pro-Nazi priests have obeyed Nazi instructions and said prayers in the churches in memory of the "Jews' Polish victims."

U.S. Minister Indicts Germany

"No group of rulers, no party, could have conceived, organized, and carried out a programme of general carnage slaughter without, at least, the tacit approval of a large part of the German people," declared Mr. A. Berle, U.S. Minister to Germany, in a speech to the U.S. Congress on May 6.

This was the gravest tragedy in modern history, Mr. Berle went on. "There is now no question that the German Reich, by deliberate policy and by deliberate organization, has carried out a programme of general carnage slaughter without, at least, the tacit approval of a large part of the German people." He said that the German people had not only approved the programme, but had also participated in it. 'Observation gallery in the gas chamber of Treblinka'

The Courier-Mail from Brisbane, Australia, reported in June 17, 1943 that the gas chamber of Treblinka had an observation gallery, where the scientists observed the executions.

**HORRORS OF
NAZI CAMPS**

LONDON, June 16 (Special).—
The German authorities are using prisoners' concentration camps in Poland for various experimental purposes, says the Polish Telegraph Agency.

"Representatives of German scientific and experimental institutes are working in all the camps," the message continued. "In Treblinka camp, where special gas-chambers for the mass murder of Jews are established, scientists, wearing gas masks, sit in a special gallery making observations, and watching the reactions of the dying victims.

"A special experimental station has been established at Oswiecim camp, where German scientists inject prisoners - with various poisons and record the effects.

"Prisoners at the infamous Dachau camp are forced to remove the detonators from unexploded British bombs."

In May 12, 1944 the Ohio Jewish Chronicle claimed in an article that 2.400.000 jews were killed just in Poland.

SAYS 2,400,000 JEWS LIQUIDATED BY NAZIS SINCE 1939

NEW YORK (JPS)—A report "from the underground", released by the Polish Telegraphic Agency, sets at 2,400,000 the number of Jews liquidated by the Nazis in Poland since 1939. In what is viewed as an attempt to counteract the unfavorable publicity given to the Polish court-martial of Jewish soldiers, and a repudiation of reports that the Polish underground mulcted money from the Jews in exchange for providing arms to the ghettos, the Polish Telegraphic Agency announced "details of the unity between Jews and the Polish underground army in resisting the Nazis".

The Polish report claims that officers of the Polish underground "worked out the defense plans" for the Warsaw Ghetto, that the underground commander of the Warsaw district worked with the Jews, and that Poles were killed trying to smuggle arms into the ghettos. Similar assistance was given the Jews, the Poles claim, in Bialystok, Czestachowa, Sosnowiec and other towns. The underground, the Polish Telegraphic Agency says, has provided hiding places and financial aid for Jews escaping the Nazis.

JEWISH RALLY URGES GAS ATTACKS ON NAZIS

Immediate action for the rescue of the surviving Jews in Europe, including the use of poison gas against Germany, was demanded at a "rebirth of a nation" rally in Town Hall last night under the auspices of the American League for a Free Palestine.

Peter H. Bergson, chairman of the Hebrew Committee of National Liberation, which seeks recognition of a Jewish nation as an ally of the United Nations, with representation on the various Allied councils, was the principal speaker.

Referring to repeated warnings by Prime Minister Winston Churchill and President Roosevelt that poison gas will be used against Germany if the Nazis use it against any member of the United Nations, Mr. Bergson pointed out that a million Jews had been reported killed by poison gas in Nazi concentration camps.

"Since poison gas has been used against the co-belligerent Hebrew nation, we of the Hebrew Committee of National Liberation publicly demand of the American and British Governments that unless this practice ceases poison gas be used against Germany," he declared.

SIX MILLIONS MURDERED

MOSCOW, Monday (UP). — The Soviet State Publishing House is preparing the publication of another "Black Book," a documentary record of the German massacre of approximately six million European Jews.

The first volume will appear before the end of the year, under the editorship of the well-known author, Ilya Ehrenburg. The record will contain four categories of documents:

- (1) Data on the actual murders;
- (2) Eye-witness accounts by survivors of murders in camps;
- (3) The diaries and letters of victims;
- (4) Accounts of non-Jews who aided prisoners to escape.

According to the Soviet editors, the Germans killed between five and six million Russian, Polish and Western European Jews, and an additional half million are being murdered in Hungary now.

Russian "Black Book" lists German crimes

MOSCOW, Nov. 28 (BUP).—The first volume of a five-volume Russian "black book" recording in documentary form of the German massacre of approximately 6,000,000 European Jews has been completed by the Soviet state publishing house and will make its appearance before the end of the year.

The "black book" will record the Germans' unparalleled persecution of Jews in four categories of documents: German decrees and orders of the day, eyewitness accounts of survivors of murder camps, diaries and letters of the victims and accounts of non-Jews who aided in the escape of certain prisoners.

The five-volume work is under the general editorship of Ilya Ehrenberg, noted Soviet writer and war correspondent, with an editorial board that includes poet-playwright Kanstantin Simonov, writer Vsevolod Ivanov and poetess Vera Imber.

The German passion for order and detail has helped to contribute to the "black book," for accurate records listing the names and origin of victims have been found in many concentration camps captured intact in reoccupied areas.

Editors of the work—which will be published in both Russian and English in press runs of hundreds of thousands of copies—estimate from data now available that the Germans killed between 5,000,000 and 6,000,000 Jews in Russia, Poland and western Europe. They believe an additional 500,000 now are being murdered in Hungary.

Jacob Lestchinsky Estimates Reduction in Europe Since '39

The Jewish population in Europe has been reduced from 9,500,000 in 1939 to 3,500,000, it was estimated yesterday by Jacob Lestchinsky, exiled economist and newspaper man, in an address at the nineteenth annual conference of the Yiddish Scientific Institute. Mr. Lestchinsky, who is research secretary of the institute, spoke at the closing sessions of a three-day conference at the Hotel Park Central and attended by delegates from Jewish educational and cultural groups.

"Of the 6,000,000 European Jews who have died, 5,000,000 had lived in the countries under Hitler's occupation," he said.

Other speakers included Dr. Harry M. Orlinsky, Professor of Bible at the Jewish Institute of Religion; Prof. Abraham Heschel of Hebrew Union College, Cincinnati, and Joseph Opatoshu, vice president of the institute's executive board.
